2.3 Comments on the Learning@Europe experience

but with some problems

good but with some organisation problems

IT WAS A BEAUTIFUL EXPERIENCE!!! I'M VERRY FUNNY BECAUSE I HAVE MEET LOT OF NEW PEOPLE COME FROM DIFFERENT COUNTRY.. THANKS

it was a great experience. happy Christmas and a happy 2006.

it was a great experience because I have know a lot of people from different country.....!m very happy for this.....thanks!!!! ps:Merry Christmas and Happy New Year at all the people!!!!!!!!

THE L@E EXPERIENCE IS INTERESSANT BECAUSE IT IS DIFFERENT FROM OTHER SCHOOL ACTIVITIES.....

it was very good, the interwieves we musted study was difficult and the questions too but ok.... i really enjoyed it!! = JE =

The experience of L@E is very good because, we meet foreign student and used english for many different activities.....than it was very good

IT WAS AN INTRESTING EXPERIENCE BUT I DONT LIKE THE HOMEWORK BECAUSE I'M LEASY

IT WAS A LITTLE DIFFICULT!!!

it's a great project to know new friends of other nationality and collaborate
it's a great project to know new friends of other nationality and collaborate.
it's a great project to know new friends of other nationality and collaborated
in my opinion this experience is a good idea

because the people who organize it didn't told us everything we have to know.

IT WAS VERY NICE

Because we knew a lot about history of Europe's countries and some new friends
we knew a lot of new students and we learned a lot about history of Europa's countries

I had to check a lot of words, which I didn't know before activities. I think it is very good way to learn English.

It was very good, because it was big challenge for us to win it. I've met new people and the culture of other country. Abd it was good fun! :D

I think the L@E it was very important, because I met foreign students.

The experience is very good because we speak with other students of the world.

This was very good adventure.

This was very good adventure.

very nice experience:]

somebody was breaking the rules and it wasn't fair, but it was nice experience

It was funny, but a lot of errors during the sessions....confusing

What was the point? I did not learn anything.

I didn't unedrstand how to do it, and i really don't think the rest of the class got very much out of this either.

unorganized. boring. unapproaching. unbelievably approachless. no fun at all.

I didn't learn anything of it!

good idea and fun but the education values were non excistent

Only a little confusing sometimes. Some of the orders was a bit hard to understand.

The whole project appear to have been chronically mismanaged from the start. I know of several volunteer activities who could have done a better job. The system broke down repeatedly; several people did not show up; the guide lost his temper; the forums were difficult to navigate; and the experience as a whole was one of bureacracy distilled into a liquid substance and poured over us. Very dissatisfying.

I think it was very fun, it was a nice combination of education, experience and games

no comments, everything was all right.

every thing was been all right.

meeting, communicating, talking.

It was not at very high level.

I liked it

you are the best ;)

We liked meeting new friends, chatting. History also was interesting but sometimes difficult questions were asked. 3D game was easy. We play more difficult computer games. Espacially funny was that our hero Lachplesi was our president! A bit sad that other students do not know where Latvia is and that we are in Europe.

It was very interesting to do homeworks, chatting with students, meet in forum, L@E work is done well!

My opinion were good and I like knew more interesting things about countries.

no comments

the last chat session was very fun!

i think it was boring

Interesting project, because it was a good way to learn Europe history and meet new friends.

Interesting project with interesting people organising it (especially Guide228 [Marco] and Helper228) :) - Ugis-

I think that project was very good and interesting!

I don't like that some people weren't tolerant and couldn't speak politely.

I really liked it! Only one thing - it could be longer, but there could be more sessions. It would be more interesting. There could be more questions and information about culture of these countries not only history.

I really loved to know new things about Europe history and meet new friends.

I like it, it was good. I think we need to repeat it.

I think that meeting other students and other cultures has been so interesting. Some of the arguments we studied satisfied my curiosity and amplified my knowledge. Meeting students from other European countries, particularly the Polish, has been interesting.

In my opinion this project gave me the possibility to use the English language to communicate effectively with students from other countries. Moreover I could meet many people of my same age and I knew their life way and their hobbies, their culture.

it was a good idea, but it was realized very badly. servers were terrible, unstable and the connections too. there was a lot of bugs; graphics and structural too. controlling the avatar was too difficult.

It's been so good, I enjoyed it SO much!!!! I learnt a lot of things that I'd never supposed in a funny way. I improved my knowledge of the English language

In my opinion, this experience is good and interesting, because, with this, we could meet boys and girls of foreign countries and play some games with them..then, with this experience, we learnt new ways of studying history..for me, this experience isn't very good, because, during all sessions there were many technical problems that have conditioned our work and, sometimes, our scores..but I want to thank all the staff that work for us and for helping us in this new project..special thanks to the guide that was very friendly with us..

Because it is a different activity and is interesting playing with technology

it allowed us to use pc at school and to learn new things of history

I ENJOYED SO MUCH...

I found this experience most interesting and exciting. It's been a real pleasure to find a way to usefully communicate and cooperate with other European countries. Also, it gave me a chance to learn History as a fun subject (and that's great!). I also found this experience very useful to improve my English skills and to make my vocabulary grow... I even learned some Polish words! What to say? I miss my pals from team A and B... I'd like to repeat this experience but I really don't think it will be possible... We'll see in Poland, or in Latvia, or in Spain! or, why not, even here in Italy! Cya Europe!

it was a good experience that approach us to English and the european story
for me this project it was very very usefull , because i learned bet the english language and i have learned
bet also the istory of my country

i have learned the english language better and i have learned the istory of my country
is very interesting i learn a lot of new things

In my opinion it could be more interesting. Remeber that not everyone likes History...

Hmm.. I played the game.. From the technical side everything was OK, game was working almost perfectly
BUT, from organisational side it was a disaster. Nobody knew what to do. Guides were most helpful but
some people didn't know what to do either. I think there should be more explanation BEFORE the game
what are we supposed to do because when finally everobody got to know what should they do, the session
time was over.

The project needs to be improved in the areas of : - session organization (less chaos), - scores (clear rules
of gaining or losing points), - simply what people write, on the forum, for example

4

5 (I liked it very much)

Well, I think it was a fantastic experience because we could improve our English and our knowledge of
European history. We have worked very hard, because our level of English wasn't very high, but we have
learnt a lot.

It was a good experience for me because everything was new for me. And I learnt a lot of history and I
practised English.

It was prity nice experience i have knowed many new things about other countrys like Italy, and Spain....
And i liked it a lot

great history things and great new friends...)

I liked this experience because i like everything thst is unusual.

so far the experiences were very good, but at the moment of connecting our computers to the net, the server
didn't work. It was a pity we couldn't take part in the game

It was usual, but - Jesus Christ, sometimes it was boring. And not well prepared. Guide seemed not to know
what to do sometimes.

Challenges could be better, not based only on interviews, games were the worst part of the project,
especially their graphics

This project was very intresting, I enjoyed talking with other participants, interviews was mostly good. The
idea to compete with foreigners was great. But , unfortunately, there were some technical problems.

Apart from some problems with the project, there was a lot fun connected with taking part in it. Some of
interviews were intresting, but I can't say that I found out many new things about European history and
society.. (maybe because of the lack of my interests connected with such subjects..) All in all, L@E
experience was pretty nice project:)

Organizers have to improve technology. It was really poor. The rest of the project was quite interesting. To
sum up L@E is a great thing to widen acquaintances and knowledge of other European countries :-)

IT WAS GREAT. I HOPE THAT WE WILL DO IT AGAIN.

THE PROJECT WAS VERY GOOD AND MOREOVER I BELIEVE THAT WAS AN UNIQUE EXPERIENCE
FOR ME AND FOR MY SCHOOL.

It was a good chance to develop my language skills. Talking on L@E forum was something new for me,
because it was a first time when I use English on the forum :) Of course there was some bad things which I
think should be on the L@E (for example - to many participant in one class. During the session not
everybody can participate in the interesting things as a chat).

WE COULD LEARN SOMETHING NEW WHILE HAVING INTERESTING CHATS WITH STUDENTS FROM
OTHER SCHOOLS

The greatest things were: meeting foreign students conversation with them polishing our English It was quite interesting experience, absolutely different from daily school activities, so it encouraged us to learn the History of Europe

I had a lot of fun

I acquired much more information about history of our neighbour countries

we had problems with computers, the server didn't work

It was good fun, and I could learn a lot about other countries

The game was made very bad, it was terrible... better play q3 xD

I think it is really good program but some things should have been done better... for example the computer games were very poor and this is why I didn't like it at all:)

It was really great project which could improve our knowledge. We learned how to work in groups as well. We would be happy, if we could do something similar in future. ;)

I took part only in one session unfortunately so my L@E experience is rather poor. If at all possible, I tried to do what I can, but my contact with L@E was small :(

It wasn't that bad but it wasn't also the greatest project i took part in either. Probably because i don't like history and that's what it was mostly about (at least i was responsible for it in my group). But the chat was nice, basically, meeting people from different countries is a nice experience. Just try to make the topics a bit more interesting and then it'll be fine :-)

It was rather absorbing but the quality of games wasn't very good.

It's great that we can talk to foreign students and get to know them. I have to admit I didn't know that they got this great sense of humor. I think that we should compete in L@E every year cos it's definitely not wasted time!

the organization was very poor but it was funny we have to repeat next year

I think that the questions in the games was difficult and normally the answers wasn't in the interviews and we had to search in the google information about this.

It was a very interesting experience where we learnt different things about European history and in an European way and we met interesting people.

the experience was very interesting but with some connections problems and organization too.

there was great! we knew many people of the other countries who participate in the chat.

i like the experience but i think that it was a little poor in the forums and in the technical aspects

I think that this experience was very poor because the people was very shy.

it was very fun

nothing. Viva el Villarreal

we enjoy it very much!

I think that the questions in the games was difficult.

we practise english

is very interesting

for me, it has been a very good experience because i have learnt about history from other countries.

nothing

I THINK IT WAS GREAT BECAUSE WE COULD IMPROVE OUR ENGLISH

I think it was the best experience I've had in other language(English)

nothing special, I think; but the idea is good.

it's a good idea, but it wasn't incredible...

there were serious problems with the server, in fact we couldn't work together with our partners in session four

the only negative point was the time when the server didn't log in, therefore we couldn't play session 4

everything was OK except our partners who didn't help us and the server that didn't log in at the time of session four

:)

good project for students

bah...

>:-)

the graphics of the game can be much much and very much better and >:-)

This project is interesting. I learned a lot of history and it was very exciting experience.

This project is interesting and I was spending nice time. It was very exciting experience.

This project is very interesting. I spend my time very nice. I want to do this again.

It was really attracting but I didn't find it as the major source of achieving the high historical point, so my judgement is - it could be better, but as I said it wasn't so bad as I thought.

I like most meeting foreign student. Thanks to I could learn a bit about another countries culture. I looking forward to next year I'm sure we will take part in L@E.

It would be very good but on some session we were in chaos. Some rules of 3D games were not easy to understand. Also that 3D world should be more advanced (steering of avatar, switching between flying and walking).

I think this project was very interesting. I could meet new people :) I learned about other countries and their culture.

In my opinion this project was very interesting, because I met foreign students :) I learned more about history. :):)

In my opinion in this project very interesting because I meet foreign student. I think this project very good idea because I learning every cultural and country

a part for some organization problem L@E is a really good project. I've enjoyed it a lot.

L'esperienza di L@E è un'esperienza molto bella e divertente. Inoltre conoscere nuovi amici e lavorare in un modo diverso e più particolare sulla storia e le varie materie, stimola anche a studiare e ad impegnarsi di più.

Il progetto di Learning@Europe è stato molto interessante perché abbiamo avuto modo di imparare la storia di molti paesi. Inoltre il confronto nelle sessioni è stato molto coinvolgente perché uno studente doveva confrontarsi su ciò che aveva studiato. Il gioco virtuale era molto divertente ed anche il sapere informazioni sulla storia dei paesi era fondamentale. Quindi alla fine, questa esperienza è stata molto divertente ma è stata anche molto costruttiva dal punto di vista scolastico.

Il progetto, molto originale, risulta utile e interessante. Incontrare e scambiare opinioni con gli studenti stranieri è molto piacevole. Gli argomenti di prova, difficili da tradurre dall'inglese, non erano però molto coinvolgenti anche se adesso ne sappiamo tutti di più riguardo alla storia europea, l'Europa attuale e il processo di formazione dei paesi affrontati. Le interviste sono state approfondite con la professoressa di italiano e sono state tema di diversi lavori. Quindi anche non sono state particolarmente esaltanti sono state molto utili per ognuno di noi. Inoltre il progetto ci ha consentito di mettere alla prova la nostra abilità di parlare l'inglese tutto sommato sufficientemente buona. Ha esaltato il lavoro di gruppo, necessario per la buona riuscita delle quattro prove: la nostra classe ha saputo ben organizzarsi e grazie al mantenimento degli stessi quattro gruppi il lavoro si è svolto ordinatamente e grazie a ciò siamo giunti ad una larga vittoria.

È stata molto emozionante perché abbiamo conosciuto persone nuove e abbiamo potuto lavorare insieme a loro, imparando a collaborare in un gruppo: è stata molto interessante e penso che in ogni scuola si debbano provare esperienze simili per aggiungere importanti elementi nella formazione di ognuno.

È stata un'esperienza molto interessante perché abbiamo potuto parlare con ragazzi provenienti da altri paesi. In più abbiamo comunicato in inglese, letto e tradotto interviste in inglese che, oltre a farci conoscere la storia dei vari paesi, ci hanno permesso di approfondire questa lingua.

L'esperienza di Learning at Europe è stata molto divertente e mi ha fatto conoscere altri modi per affrontare materie di cui lo studio è altamente noioso!!! Inoltre ho conosciuto i membri delle altre scuole e,

benché abbiamo lingue e atteggiamenti diversi sappiamo tutti cosa voglia dire il RISPETTO e la COLLABORAZIONE. grazie

è stata una bella esperienza perchè ci ha dato un input per rapportarci con ragazzi della nostra stessa età, ma di cultura e origini completamente diverse!

è stata una fantastica esperienza perchè mi ha fatto conoscere la cultura , le tradizioni e la storia di paesi che prima non conoscevo.

Ho trovato questo progetto molto interessante perchè ci ha dato la possibilità di confrontarci con coetanei di paesi stranieri cosicché abbiamo potuto conoscerne la storia e la cultura con suoi simboli.

molto interessante, soprattutto perchè in queste ore potevamo conetterci con nragazzi da tutta europa

è stata un esperienza molto positiva perchè oltre al divertimento abbiamo potuto conoscere storia e tradizioni di tutti i paesi europei e poter parlare con ragazzi della nostra età.

è stata una bella esperienza perchè oltrea divertirci abbaimo potuto conoscere la storia di altre nazioni e abbiamo potuto confrontarci con ragazzi della nostra età ma di nazioni diverse.

WE'RE HAPPY TO DO THIS PROJECT, IT'S VERY INTERESTING

I've explane my comments in the previous form but I re-say that the people that partecipate at the session could be clear in the language and the expression.

the experience is very good

i think it was very interesting and useful

The programm was good, but there were several technical difficults.

- I have imagined, that we would profitate more than we did - sometimes I was difficult to understand the questions (quality of the language)

the technical installations that were necessary in order to run the project were very demanding! we spent a lot of time to cope with technical problems and needed the help of school experts!

Only a few pupils could play and do something, the others weren't really included so they talked and didn't do anything for school. The organisation was really bad and there were many technical problems. The idea itself is very good but one has to improve it.

It was funny, but some students from other countries were not very serious.

L@E is interesting project, wich is very different from usual school projects.

There were a lot of technology problem and sometime the connession was very difficult

It's a good way to emprove english and history

it is very poor because many students don't participated in this activity.

its a diferent experience for me, and i think that learning al europe is a very interesting activity

i think L@E is a good project but maybe we need more information about tha activities we will do. but is the firs time so... was so good!

I think that it was a very good experience, because we can meet other people, make friends, and because I know how you feel when you are a foreign.

poor

this project was very funny!!!:)

I like metting with foregin student's but historical questions wasn't funny

E' un'attività che ci ha fatto entrare in contatto con ragazzi di altri paesi europei che avevano usanze diverse dalle nostre. E' stato interessante confrontarci ed interagire con i nostri colleghi europei, ed è stato anche interessante esprimere le nostre impressiponi e capire cosa ne pensano gli altri sul forum.

questa esperienza mi è piaciuta ,perchè mi ha permesso di conoscere caratteristiche di altre persone e di altri paesi che fino ad ora non conoscevo abbastanza. inoltre mi sono divertito molto ad interpretare il giuoco e le varie domande che venivano fatte durante questo.

Questo progetto è stato interessante quanto divertente. Abbiamo capito che giocando si può imparare anche la storia di popoli stranieri. Oltre al divertimento durante le sessioni è stato molto carino conoscere

ragazzi di altre nazioni con cui scambiarsi opinioni, informazioni; tra l'altro anche se il progetto è giunto al termine sto continuando a chattare con i miei nuovi amici!!!

l'esperienza di learning at europe è stata molto istruttiva e ci ha messo in contatto con gli studenti delle altre scuole europee permettendoci di capire tradizione e culture di altre nazioni diverse dalla nostra.

per me l'esperienza di Learning at europe è stata molto istruttiva. Durante questa mi sono divertita tantissimo e ho potuto conoscere cose riguardanti altre nazione che non sapevo. Questa esperienza mi ha permesso di capire culture e tradizioni diverse e di entrare in contatto con studenti che abitano in altre nazioni.

questa esperienza per me è stata molto interessante, perché mi ha permesso di conoscere cose nuove e persone e usanze di diversi stati. durante quest'attività mi sono anche divertita molto perché è stata qualcosa di diverso dal solito che non avevo mai fatto.

Quest'esperienza mi è veramente piaciuta perché abbiamo parlato con dei ragazzi che venivano da tutta europa e ci è stato di aiuto per imparare l'inglese.

l'esperienza è stata molto bella e produttiva. l'organizzazione era abbastanza buona visto che era la seconda volta che veniva fatto questo progetto anche se in alcune sessioni è stato difficile collegarsi con le altre scuole europee. il gioco era molto innovativo per un'esperienza scolastica nonostante dal punto grafico siamo tornati indietro.

Mi è piaciuto moltissimo il forum, scambiare idee con studenti di nazionalità diversa, lavorare con nuovi strumenti, ma soprattutto l'esperienza è stata molto bella perché ho continuato ad avere rapporti con gli studenti estoni. Purtroppo però il progetto è già finito, spero vivamente che il prossimo anno ce ne sia uno nuovo, anche più entusiasmante di questo.

L@E è stata una bella esperienza soprattutto per il fatto che mi è servita a conoscere abitudini e culture diverse dalle nostre, nonché imparare la storia delle varie nazioni con le quali eravamo in contatto. mi è interessato molto anche per il fatto che ho migliorato il mio inglese, anche se il materiale fornitoci era un tantino difficile. anche i giochi se non fosse stato per il fatto che c'è voluto un sacco di tempo per comprendere le modalità di gioco, sarebbero stati fantastici!!

è stata molto interessante come esperienza poiché ho conosciuto nuove abitudini, persone e luoghi. Inoltre mi è piaciuto molto usare l'inglese al di fuori delle normali lezioni di questa materia perché a me piace molto l'inglese. Anche se il materiale era difficile da comprendere.

il gioco poteva essere migliore

Mi sono molto divertito facendo questa esperienza, soprattutto perché era una cosa completamente innovativa per me, ma credo che sia così anche per tutti i miei compagni di classe. Io ero assegnato al gioco e non alla chat, comunque devo dire che nonostante giocassimo, abbiamo conversato molto con i ragazzi europei e ci siamo anche un po' conosciuti.

è stata una bella esperienza, educativa e completa. Io ero assegnato alla chat. Anche se nella prima sessione ero un po' teso per la paura di perdere, durante le seguenti sessioni io e la mia classe abbiamo parlato molto con i ragazzi europei.

Questa nuova esperienza mi è piaciuta molto perché abbiamo potuto svolgere attività diverse dalle normali, ma soprattutto perché abbiamo conosciuto usanze e tradizioni di diversi paesi dell'Europa.

questa esperienza mi è molto piaciuta perché mi ha permesso di conoscere molte altre persone con usanze diverse dalle nostre e soprattutto mi ha permesso di conoscere meglio l'inglese... insomma è stata una esperienza tutta nuova che ci ha permesso di imparare divertendoci e confrontandoci con gli altri... penso che la rifarei molto volentieri!

beh...che dire questa esperienza scolastica è stata oltre ad essere divertente anche istruttiva dal punto di vista culturale...grazie a ciò ho scoperto nuove cose sulle altre nazioni e ho studiato più storia del solito (che anche se la studio per ore e ore non me la ricorderò mai). è stata l'unica volta in cui studiando storia (anche se con molte difficoltà perché in inglese) mi sono un po' divertita...ma solo un po'!!!! inoltre io e qualche amica abbiamo chiesto agli estoni chi di loro aveva msn messenger ed ora quando non ho niente da fare (raro) e mi connetto, mi scrivo sempre con un ragazzo estone molto simpatico...

E' stata una bella esperienza, mi è piaciuto soprattutto nei colloqui con i ragazzi delle altre nazioni, ma anche durante il gioco. Questa esperienza mi è servita anche personalmente per imparare ad usare meglio il computer e per avere una maggior padronanza della lingua inglese, imparandola oltretutto in maniera diversa.

E' un'attività molto interessante, mi é piaciuto specialente parlare con i nostri'collegghi'stranieri, un pò meno mi sono piaciuti gli argomenti della discussione, perchè sono documenti che parlano di fatti storici che ancora non abbiamo affrontato a lezione di storia, quindi ci siamo ritrovati un pochino più in difficoltà, unione dell'Italia a parte, sulle storie degli altri paesi.

It is very funny, I had a lot of fun and I learned a lot of things!!!

That was interesting and exciting.

The game was sort of chaotic, controls were hard to adapt, the presentations wasn't enjoyable either because of the small window left for them.. All in all - good luck improving the system, hope you didn't spend too much money on this one ;)

Very interesting - keep up the good work :D

could better explain the meaning of this project..

I think it could also be good if students could do some tests in internet and get point for it. This way they could have more time to find information and remember it better.

It's a good experience, I'd like chat with foreign students.

Sometimes we have had some problems but it was funny to meet foreign students and chat with them.

the sensation that Europe has a common history that we can share

I LIKE IT, BECAUSE WE DID THINGS DIFFERENT THAT WE DO NORMALLY, AND WAS A VERY GOOD EXPERIENCE

i like it very much

it has been a very good experience and i would like to try it again

è stata veramente affascinante e costruttiva perchè, oltre a poter incontrare e conoscere studenti di altri stati, abbiamo potuto migliorare il nostro inglese e affrontare lo studio della storia in un modo più divertente.

mi sono divertito a studiare storia così e so che questo ha migliorato anche il mio inglese, senza pensare alle nuove conoscenze europee che ho fatto grazie a questo progetto.

è stata un'esperienza valida dal mio punto di vista, infatti conoscere altre persone europee e parlarci è stato divertente e abbiamo aumentato la padronanza della lingua inglese

é stata un'esperienza divertente, innovativa e alternativa. Poi abbiamo imparato a collaborare fra di noi e con altri amici di tutta europa.

a very interesting experience, different from any school activity and very engaging!

the experience was really important to know other students from different countries and especially to perfect our English! I liked that because I think that today is important to speak English and the relationship with as many people as you can. It was something different than everything that I do.

It was quite interesting, but maybe the organization would be better:-)... Sometimes we didn't know what to do.

Helper was asking a bit boring questions and I think, that he does know little about middle Europe. And there were technical problems...

It was fine, I liked it.

This is a good experience for my English and communication with foreign students.

L@E is an experience that has learned me many things. Now I love English more, I know new many words and I learn a lot of informations abot Europe and Italy.

I think that it is a beautiful experience. It is a new way for to learn English also with the material that is very istructive.

I think that this experience has been a good way to learn a lot of things about other nations and our nation, too. This experience was well organized; the helpers in the chat were kind and nice even if sometimes there were some technical problems

In my opinion the L@E experience is very good because when we analized the materials that we had to studyed we opened big discussions, in our class, about history.

It was a new way to learn the English language: iy was beautiful.

IT WAS A GOOD EXPERIENCE AND ALSO FUNNY. THE ORGANISATION WAS VERY GOOGD. IT WAS REALLY USEFULL. WITH THIS PROJECT I HAD THE OPPORTUNITY TO EXCHANGED WITH FOREIGN STUDENTS IDEAS, OPINIONS.... IT IS ALSO AN OPPORTUNITY TO DO SOMETHING DIFFERENT FROM USUAL SCHOOL ACTIVITIES.

2.5 Why?

Session 1

because it was the easiest session (3)

Because it was very interessant.

Because we have known other students. (11)

Because we met students from others countries

i dont remember what were about every simple session but everything was fine:]

Because evrything was new and fun. (and i was the one who had the controll over the game).

Can't remember which session was the most engaging.....

beakause i like to lern neu tings.

It was exciting and new. It got more and more boring. I didn't get the point.

that's the one i remember

because that is the one I remember..

everything was new and exciting

I liked the first session best, because it was a completely new experience, and it was really exciting to 'meet' the other students for the first time

i don't know why.

Because it was something new and different.

daarom

it was the first time, exploring everything, seeing new stuff...

We had to anwer a lot of questions.

because that was the session on with we were best prepared so we could answer the questions much faster. the other sessions we got the texts to late so we could not answer the questions so fast

im sexy im cool i dominate this schooollll

Because it was the longest, and there were only 2 teams, so it wasn't such a mess like in sessions 2-4.

Because it was the interstingest session

Because we meet the new students, and it was new for us.

Because I met for the first time the people and for the first time we started to comunicated... it was very exciting for me.

because was something new.

because everything was new,we were so excited and so full of joy and curiosity...and we virtually met for the first time the foregin students!

because we didn't do any sessions yet, for us it was something completely new..then we didn't do any activity with computers before the first session

Because in my opinion it was a new experience!

BECAUSE IS THE FIRST AND WE WERE SO FULL OF CURIOSITY.

because was the first time and i have learned about the unity national of my country

because was the first time and i have learned better about of unity national

becose we discovered a new experience

Because everything was new and exiting for us.

I wasn't yet annoyed by the game organisation but the other sessions weren't bad also. Except that we didn't play the whole game, it was OK

Because it was fresh with ideas and filled with excitement of students.

because i've meet for the fist time the other students

The first session was the most enjoyable and absorbing because it was our first experience in this kind of project and we didn't know what to expect

Everything was so new for us:) Even games were funny and we had a lot of enthusiasm.

Because everything was new. During other sessions everything became normal, so the first one was the most exciting.

BECAUSE IT WAS MY FIRST PROGRAM LIKE THIS, IT WAS VERY INTERESTING.

I LIKED VERY MUCH THE FIRST SESSION BECAUSE IN THIS SESSION WE DID JUMPING AND FLEW INTO RINGS!

It was the first session - it was something new for me, and I was waiting for it for a long time. That's why I think it was the most interesting.

Because everything was new and the first session was the most exciting.

I'd like it because it was first session, and everyone was interested how it will look

Because I was really engaged in it.

Because it was the first session and I was very interested how it would look like.

Because everyone was excited about first session and cared about results. And we had to prepare information from short material, session by session we had to read more so it wasn't that easy.

Because it was the first session and it was a new and different experience.

because I didn't attend it

because it was the first

Because The game was the best.

Because of meeting foreign students involved in this programme for the first time everything was new, cover ;)

It's still new, something different

because everything was new and interesting ;)

Because it was the beginning

because I like the game

I don't remember

perchè la prima è stata la più emozionante e anche la più divertente.

perchè è stato l'inizio di questo interessante cammino e abbiamo parlato per la prima volta con questi nuovi compagni, con i quali abbiamo instaurato un buon rapporto di lavoro, fondato sulla collaborazione amichevole

Perchè ancora non sapevamo bene cosa avremmo dovuto fare ed è stata una novità

perchè il primo impatto è quello che ti rende più soggetto alle emozioni, e più voglioso di vincere. inizi a conoscere le persone delle altre scuole e per questo mi è sembrata la più emozionante

BECAUSE WE DID ONLY FIRST SESSION

Because I've done just the first session to now. (ad oggi)

because I have done just the first session

Because we didn't participate

That was the session when we saw presentations of other countries.

because we saw the city of the other participant

because all the presentations were very interesting

For the first time it's best...

Perchè ero molto curioso di cosa succedeva fra le scuole di tutta Europa, era stato interessante perché era la prima volta che incontravo su chat dei ragazzi da tutta Europa.

perchè era la prima sessione ed era un'esperienza nuova e tutto ci sembrava più interessante e stimolante

Perchè non sapevamo ciò che ci aspettava...ne avevamo parlato un po' in classe, ma non avevamo approfondito troppo questo progetto. mi è piaciuto anche per il fatto che è stata proprio la prima sessione nella quale abbiamo 'conosciuto e fatto amicizia', soprattutto con i nostri amici estoni.

Perchè è stata la prima sessione, non sapevamo cosa ci aspettava. Era interessante incontrare ragazzi da tutta europa e cercare di trovare tra noi qualcosa in comune: abitudini, feste.

perchè è la prima e non sapevo cosa mi aspettava

La prima sessione è stata la più divertente perchè allora non sapevamo niente del gioco e dei nostri rivali e compagni quindi era più bello giocare e allo stesso tempo conoscere gli amici europei.

La sessione 1 è stata la più divertente perchè il programma era una novità Err0r: #089

La prima sessione è quella che mi è piaciuta di più sia perchè era la prima a cui partecipavamo, sia perchè il gioco si presentava nuovo e diverso per noi.

Nella prima sessione ero un pò teso per la paura di perdere, anche perchè non capivo molto bene i comandi dettati dalla guida; credevo che fossimo partiti svantaggiati dall'inizio per il fatto che eravamo contro gli Inglesi, che hanno sicuramente una maggior padronanza della lingua; per fortuna che non c'erano! In quella sessione abbiamo imparato anche, con qualche difficoltà, a manovrare il gioco.

è la prime sessione e non sapevamo cosa ci attendeva

Because the questions were very interesting

because it was more exciting

BECAUSE IT WAS THE FIRST TIME AND WE ARE COURIOUS TO HAVE A NEW EXPERIENCE WITH THE OTHER STUDENTS FROM THE OTHER COUNTRIES

because before the first session we were very happy!

the games were the lightest and the funniest to play

Because it was a new experience and we are very exiting!

because we met our european mates and it was the first time i collaborated with studenys from other countries

because in the first session we met our european mates and it was the first time i collaborated with students from other contries

because before the first session I was very exiting to enjoy this new experience!!!

We liked session number one because it was the first experiance and for this reason we didn't know how it looked like.

Because i meet new friends

Because i meet new friends

Because the first session was one of the more interesting session.

Because it was something new and interesting. But I liked all the sesssions, I took part in each of them because I was leading person in this project from class.

becuase that was ouer first meeteng...

because we didn't know what we will do.

IT WAS THE BEST SESSION

Because in this session was most interesting and i liked to met the guide and other students

It was very interesting, because we had to do something exiting. And test our skills

BECAUSE IN THIS SESSION WE'RE MEET THE STUDENTS AND UNDERSTAND THE ORGANISATION OF THIS PROGRAM

BECAUSE IT WAS A FIRST SESSION AND I WAS VERY EXCITED.... NEXT SESSION WERE TOO VERY INTERESTING. I NEVER FORGET ABOUT THIS EXPERIENCE!!! :*

everything was new for us

BECEUSE IT WAS THE FIRST SESSION AND WE WAS INTERESSED AT NEW PROGET

it was most exiting.

It was our first meeting, and we were very exited. We wanted be the best. It was very nice session.

Because it was something new and we had great fun

because is the most important

because we could get to know the other students and in other sessions we couldn't talk with each other that much

because i could meet new peoples and talk with them about different things.

Because at first session a knew a lot of people

It was something new for us.

First session was most interesting because it was the first time and it was something new for us. We had to orientate in procedure of L@E experience.

because it was the first session and i was very enjoy afther that.

I didn't know what to expect and I wanted to do my best.

Everything was so new and we were eager to met new people.

New experience.

The first session, I didn't know what it would be like.

New experience.

A chance to meet new students.

New experience.

I chance to met new students.

New experience.

The first meeting with new people.

Becouse, het first time is themoste interesting time!

Because we didn't know anything & it was interesting to meet some new friends :)

We can play interesting game

Because in the following sessions the other students were not so interested to partecipate the first sesion was very engaging because it was our first time that we took part in this project. I remember tah we were very exciting.

Everything was new and surprising.

New experience.

I didn't know what to expect.

I was so happy to meet all those new people!!

Everything was surprising.

because we didn't know how it was and we were curious to know how the experience was.

Because it was the first one.

It was first time for me.I have never play this game.

It was fun, like every game is fun when you first try it..

It was the first one - I didn't know what to expect :)

All sessions were very interesting and didactic. it was fun.

because all was unknown...

Because I played whit 3D puppets.

I played with 3D puppets on the computer.

because we look pictures of the other participant

BECOUSE IT WAS THE FIRST AND I WAS VERY EXCITED ABOUT IT

Perchè è stata la prima e la più curiosa da offrontare visto che era la prima volta.

Because we spoke of national symbols and we knew the other team....

It was the first and was a news.

because I had the choise to chat wiht the others team and I had fun..I would like to replay this experience!

Because it was the first time that I did this experience. it was a news, so i'm enjoyed

Because I enjoyed a lot.

BECAUSE THE SIMBOLS IS VERY VERY VERY IMPORTANT FOR THE NACTIN

presentation of foreign schools

Because it was the first and it was a news.

it was really interesting and i could learn a lot of new things. The interview about the different symbols was really original.

because it has been the nice session

I improved my English and met new friends

i don't know

because it was too funny!!!!!!!!! to meet other students from other country!!!!

;))

because it was our first experience with l@e

because it was the first

it was the most big session

because it was the first

Because was the first time that i have this experience

The most engaging session was the first because it was the first time we played the videogame and we met the foreign students. We saw the presentations of the other team and ours.

because I met the schools I was playing with...

IN MY OPINION, THE MOST ENGANGING SESSION WAS THE FIRTS, BACAUSE IT WAS A NEW EXPERIENCE AND WHAT WAS AROUND ME WAS SOMETHING NEW!! FOR ISTANCE THE GAME OR THE COMMON CHAT WITH THE OTHER TEAMS.

the most engaging session was the first session because when we switched on the computers, we didn't know what we would find. I was happy and also afraid because it was a new thing. In the other sessions we knew already how we could use it.

In my opinion it's session 1. I liked it so much because it was the first time and I was happy and I was scared. It was nice to see the game for the first time

Perhaps because it was the first and i was very attracted by the novelty.

In my opinion the most engaging session was the first because all things were new and because we met our friends of our team.

Because we didn't know what to do and al was new, we were full of aims.

was great talk with foreign people!however,the chat was poor!

because it is the first time, and all is new for us.

beacuse i dind't have an experience like that before.

Session 2

because we have knowed other studends from different national

Because in the 2nd session, we can used the computer for many time, and than we are soo happy!

The game we played on the session 2 was quite interesting

session 2 was the most interesting session

I think that session 2 was the most interesting

Because was very interessant.

Because it was very interessant.

Because it I enjoyed sessison 2 best.

We understood a bit more what it was about, but it was still new.and we were at the chat!that was the best

Treasure Hunt

Because it was very interesting.

we chatting with interesting people.

'cause we were playin'

because i stay to eight clock at morning , i see ,my girls to do youning , and this session it make me funny..
all street hav to give me my money ..

It was funny

It was the most interesting session

It's been the most difficult, in my opinion... but also the fourth and last has been amazing... but it's been sad,
also... as it was the last!

because the topics that we worked on are more interesting than the others

It was the only session where I knew what's going on.

I knew better what I had to do and I had more fun

because the first and the third were boring

Because I played with the avatar :)

Because it was the most interesting and we had to prepare the interviews you gave us.

because we worked a lot for this session

Because we spoken wick very people

when we met our mates

we met new friend from other countries in Europe

it was the first time we met the other partners

we could communicate with our partners

we could discuss with our mates

we started to chat, it's incredible to be able to talk to foreign mates and have the answer soon after

we started to work and we felt much involved in the session

It was funny

Because I like playing 3D game in the maze.

Liked the atmosphere, we really wanted to win, it was real challenge.

because we must play togheter with our polish friend

perchè era la sessione meglio organizzata nella quale tutti potevano divertirsi soprattutto quelli che erano al
gioco 3D

è stata la migliore perchè i due team erano in continua conversazione e non come spesso accadeva ogniuno
faceva per conto proprio.

because most students worked on the questions

we could not enter the first session and on the third, the other members came to late

The pupils were motivated the most at the second session which was the first for us because they thought
they could really learn something and be active in games.

because the treasure hunt was very funny

because i like the questions

It had a good tempo, not too slow, not too quick.

quanto ho sudato!!!

Just so

We liked session number one because it was the first experiance and for this reason we didn't know how it
looked like.

I can't really say what was the best session, because we didn't enjoy the first and the fourth sessions.

cool men

We knew a lot,it was interesting.

because the treasure hunting
I think it was interesting and exciting
Because in this session we can get to know something about many persons who was very important for world.
because I took part in , more than another one.
BECAUSE I ANSWER AT THE QUESTION AND I PLAY WHICH COMPUTER
because i think it was the most educating
It was interesting work.
Because there was the most interesting game!
It was exciting, but our PC was very slow.:(
because this session was very interesting!
it was more funny
It was interesting
The game was really engaging.
It was so interesting
because it was easier than the first session.
perchè l'idea della caccia al tesoro era molto interessante e divertente
because I liked the game
because yes...
because i like the treasure hunt game
because we could play with every class which took part to the game
Because we had to study the interviews which were quite difficult.
because we talk about history of the state
BECAUSE WE'VE KNEW WHAT WE CAN DO AND WE HAVE JUST MET THE OTHER TEAM...
because we didn't know what we do!!! And so we laughed very much to invent the rules of game with the our teachers....
because it is important to know the other history
because the games were very interesting
because I have undertaken more and because it has involved me more
because i like to do the treasure hunt...:D
because i enjoyed very much to do the treasure hunt
;))
because it was very funny
because it was very funny
Because the activity was nice and different from usual things done at school
Because we obtained a lot of marks, answering questions
Because it was the most engaging! After studying the interviews, I got some more useful information.
I was more involved with the reading of the interviews
It was more interesting than the others
Because it was the most engaging.
We worked better in our group.
It was the most engaging and interesting
We were interested in answering the experts' questions in a short time, to be able to gain points and win.
Because the topics were interesting
Because we chatted and received their comments.

Interesting games

Because of the competition among students

Because I felt more involved in the activities

Interesting games

I think the most engaging session was the second, because I liked very much the topic of that session, and also because I enjoyed myself a lot, as usual! In that session I was very prepared, and I enjoyed the conversation on the chat very much!!!

Because I liked the topics that we have studied.

IN MY OPINION THE SECOND SESSION WAS THE BEST, BECAUSE UNFORTUNATELY I HADN'T THE OPPORTUNITY TO PARTECIPATE AT THE FIRST SESSION; IT WAS FUNNY AND I WAS ATTRACTED TO THE IDEA OF MEETING THE STUDENTS WHO PARTECIPATED TO THE PROJECT.

very interesting session

game was fun.

we won lots of marks!

because it was very interesting and also all was new for us

Session 3

Because this session has been good and very funny even if we have had a lot of troubles.

because the labyrinth was very great

because the idea of the labyrinth was great and interesting

because we haven't understood how to play. the rules wasn't enough to explain us what we had to do.

because I really liked the french revolution...

BECAUSE WE TALKED WITH OTHER STUDENTS

BECAUSE I LIKE TO CHAT WITH OTHER STUDENTS ABOUT INTERESTING THINGS AND NOT ABOUT HISTORY

BECAUSE ITS INTERESTING

Because there are treasure hunt.

There were a lot of interesting and complicated questions. the competition was hard and we were glad to have so many points.

it was different for the others, more educative and more interesting.

BECAUSE THE QUESTIONS WERE VERY DIFFICULT

It was the most interesting

Because it was very interesting.

It was beautiful.

Beautiful

Because the session 3 was very interesting.

I was able

because we could play the game

I think that we must have done most work in preparation from this session.

I think this was session 3, because we must have done more work from preparation.

Most interesting

Find your way

I like it

The play was nice.

Because we have a lot of fun in 3d world, and in it session were very interesting facts.

We started to win on this session... we were nearly to the victory... :)

Because, I was in this session and session4, but I like very much be on the chat.
because in this session what there was happening.
because in this session we win !!! and it was very funny...
This was session,where I finally take a part.
Because that was the only session where I took part. But actually I like this project! And in third session our team have godd luck, so it liked me so much!
Because I was playing in the game and I also collaborated in the chat.
games and questions
bucause i play more than in the other sessio
We had to answer different questios and it was more lively
we got many points, we did our best
Then we understood how to play.
IT TOOK US A BIT MORE TIME TO GET READY FOR IT BUT IT WAS WORTH IT
There were more situations which are well-known for me
everything was OK
we won points
we got many points
Because I could do something on this session. On others I hadn't had a chance to do something... oh and other reason is that I had better known people who I had been talking to.
Because of very engaging conversation with our friends from foreign countries. There was also interesting task, and topic of discussion.
As I have written, I was only on the one session, so I had chance to acctive participation just during it.
because the virtual game of this session was the best
Because we win some points in the game
we couldn't play in session for because of the server
we coldn't play in session four because of the server
the server did not allow us to log in in session 4
we won
everything was OK
we got many points
because yes
The session 3 was very fine and exciting because the game in this session was very good.
I like session 3 because the game was very exciting and fine. :):)
because it has had a speed rythm that engage you a lot.
Because there were a lot of questions about the history, the culture and the national identity, i enjoyed myself.
La sessione 3, secondo me era la più interessantee utile, poichè richiedeva più di tutte le altre lavoro di gruppo e quindi senza il contributo di ognuno, non si sarebbe giunti ad un buon risultato.
Because we had the possibility to work in groups and to do activities we enjoyed a lot.
we could work together with others and the treasure hunt was very funny!
It was just the best one.
Was the most exiting
because we were speaking with other person.
because was the only session where i participated
Because homework was about the history of our nation

Because the questions were very interesting

'cuz we were more prepared, we already knew what to do, what would be goin' on and the questions were clearest

Because we saw the presentations of the other cities

because it's too interesting

We liked session number one because it was the first experience and for this reason we didn't know how it looked like.

We have to study a lot .I knew some new things,which i didn't know before.I have met many interesting poeple from other countries.

BECAUSE THERE WAS A LOT OF INFORMATION. I DON'T UNDERSTAND ALL OF THESE INFORMATION.

I think that because there were games, questions of history, and any wrong...

3D

At the beginning I was a little nervous. All next session was better than the one before. In session 3 everyone was talkative. It was funny and there was cool game. I think I would choose 4 session as the best if it wasn't last (everyone was in good humour and we play in a game that we create in session 4. Marks competition.).

I LIKE THE 3 SESION BECAUSE IN THIS SESION I SPED UP AND WE KNOW WHOT WE MUST DO. BUT AFTER THIS SESION WE WAS VERY SAD BECAUSE IT WAS AL MOST FINISH

we had to work for every session so i don't know what to say

Because we started to fight a win.

The interviews where very dificult and we had to cooperate a lot. The discussion was really interesting.

We had to read a lot and search a lot during the discussion to answer the questions correctly.

Dificult interviews.

Difficult interviews.

A lot of reading to be done before the session.

A lot of research to answer the questions.

A lot of reading to be done before and during the session.

The interviews were difficult. We had to consult a lot to answer the questions.

Because we needed to study materials a lot.

I like that homework, what we have to do and game!

This session was very interesting! i like it!

I'D LIKE THE GAME

Because there were interesting games

Bekaus it was werry good.

In the session 3 there was the hunting to the treasure and it has been beautiful to go to the search of the cubes that would have given the Victoria to us.

The search of the treasure has been the most beautiful and amusing session because to discover,to try it has always moved me.

because beyond studying and learning it has taught to us to play learning!!!

I think that this has been the most wonderful session of the whole experience.

because we have to play....

For the hunting to the trasure

Difficult interviews.

I had to do a lot of research during the session to answer the questions.

A lot of research had to be done during the session.
because we chatted more than in the other sessions and the topic was the most interesting!
because...i don't know
because was the only session in wich we were all togheter with the other schools
because I enjoyed it very much and because the homework was interesting. at the end it finished punctually.
Because I could play with the interactive game
I wanted to play 3-D world, but we always play in 2-D world.
We were prepared for this session the best and the questions were very interesting
The questions were the most interesting!
because I answered to the answer about the interview.
because I have lernt al lot
for the collaboration of all team members..
Because the activity of the class was very good
Because the 3rd session was very active,funny and interesting.
Because there are a lot of photocopy to study and there is a short time for learn...But finally we are the
Winners...
because it is very difficult
Because documents spoke about the importance to learn english today.
because there is more action and the helper was more interesting
because is very good
because the question was very good and amusing.
it was very funny
The most engaging session was the third , because it was very involving to learn history in English.
The session that I appreceted most is the third because I liked the themes in this session, because with it I
had another idea about the concept of laicism, but I liked also the game because it was involving.
Because I loved the photocopies to analize about laicism and the formation of European Union
I liked most the 3rd session, because it was about the role of laicism and religion in the birth of modern
states. It was very interested ion this topic, because I discovered that laicism is not someone who does not
believe in God, but it is the separation of the spheres of competence. Thanks to the photocopies analyses I
have changed my mind.
Because I was really interested in Laicism; before this experience I thought that a laic person was someone
who doesn't believe in God, but I learnt that 'Laicism' means the separation of spheres of competence. I
appreciated the interview about the European Union and I learnt that the origins of this Union were
economic.
had more fun playing with the avator
interviews very interesting
the interviews were challenging and we finally understood what we had to do
Because we learnt so much about the history from differents countries.
because there was a very difficult labirint!!!
because there was a labirint so difficult
because we finally understood how it really worked
I think the third session because we talked about our countries and I found that we aren't different as people
of other countries.
because I played very well
Because we can play with computer

Session 4

I don't know!!!!!!!

THE SESSION 4 WAS THE MOST ENGAGING SESSION BECAUSE IN THIS WE SAW THE WINNER AND WE TALK WITH OUR FRIENDS OF SESSION.

BECAUSE WE HAVE WON!!!!!!!!!!!!

i liked the game

We had to answer very difficult and interesting questions about history of European countries.

Because it's early.

Because it was the last.

Because it was more interesting.

because it was the most exciting ;)

We chose a random session, because we don't remember any of them.

In my opinion session 4 was more interesting than other sessions. In session 4 we got a prize, a huge gold cup. It was a good idea with this cup:P

no difficult questions

We got a cup and we had time to chat with friends. But session 2 was interesting too because we needed to answer lots of questions and we did not have time for thinking a lot.

Don't know, but it was much more interesting than in first 3.

'Cause it was the last lesson

because we won

it was the most interesting session with the national symbols of different countries

Because we could go in the trophy ;)

Because the chat was very much fun.

because we can talk a lot with the other people and know them better..

In my opinion this was the most emotional session, however I didn't enjoy all students' attitude.

it was very fun....and great..

Because we could express our opinions more freely and we could talk about our personal experiences, our likes and dislikes. We could know our mates better.

BECAUSE I WAS MORE RELAXED

because we have won on this session (1st place) :D

because i with my class friend had very good time...:) and they all made me happy:)

Because we talked about everything, but i liked every session.

we won

there was the result of the project

Speaking about Italy's history

This session gave us freedom :), so we could talk about everything, exchanged e-mails... Previous sessions had already been planned and this 4th was different:)

BECAUSE IT WAS THE FINAL.

ALL OF THEM WERE VERY ENGAGING, BUT THE MOST ENGAGING SESSION WAS SESSION 4 BECAUSE WE ENJOYED OURSELVES AND WE TALKED A LITTLE BIT WITH THE OTHERS' TEAMS.

we won the game

because in this session we won the game and answered all the questions right.

because we won

Because we won

because we won

because I play with the avatars and we won

because we won

Because we can speak with our partners to the other schools.

because we won

is the most easiest session

we won the cup

because we won.

BECAUSE WE WERE MORE RELAXED

Because we talk to other foreign students

It was very interesting

I LIKED THAT SESSION BECAUSE WE COULD EXPRESS OURSELVES BETTER

Because despite the fact that we were late, I think it was great. It was excellent

Because waiting for verdict, who won, was thrilling.

We spoke more than during other sessions

dunno :D

it was the most interesting because we know who won

because it was the most interesting

that discussion was very interesting, we could know what other people think and talking about their opinion

The discussion was very interesting, we told about our country - Poland. We could know what other people think different topics.

Because we told about interesting things.

i liked the discussion. It was great experience to exchange opinions with other people.

Because we have won the project so that's why I choose it. :)

Because we won:))!!

discussion was very interesting , we could know what other people think and talking about it

Because we won!!!!!!! :-)

La sessione che più mi è piaciuta è stata la 4° dove grazie all'homework ci siamo divertiti a fare interviste che si basavano sul nostro paese. Abbiamo conosciuto così ciò che la gente pensa, ciò che la gente sa e ciò che la gente non sa..Mi è piaciuto anche ricercare informazioni e completare una ricerca sulle tradizioni orali e il folklore italiano che mi hanno portato molte nuove novità. Mi è piaciuto scoprire anche le rispettive tradizioni e i rispettivi folklori delle altre scuole e quindi degli altri paesi.

perché abbiamo vinto! ma soprattutto perché abbiamo potuto scrivere nelle nostre lingue madri e ne abbiamo scoperte delle nuove!

perché in essa il gioco è stato alternato alla chat.

La sessione 4 mi è piaciuta particolarmente perché siamo venuti a conoscenza del folklore di altre nazioni.

Because we didn't participate in the session 1 and in the session four we had less problems with the technology.

because everybody did a last time the best to win!so the atmosphere was good and we were exited.

everybody was friendly!!

'Cause we already knew our teammates.

because i have participate more is that that in other

it was the best because we could talk about racism, sexism, and other interesting things. we talked about the WWII and some people argue with each other.

we didn't anything

Because we didn't play games, we only spoke english with other friend from different countries.

ho scelto l'ultima sessione perché era la sessione dove si decretava il vincitore, grazie a domande ed ad una corsa che portava alla coppa.

perchè qui si decretava il vincitore che eravamo noi e inoltre perchè conoscevamo meglio il gioco , così era più facile interpretarlo.

Le sessioni mi sono piaciute tutte e quattro. Forse quella che mi è piaciuta di meno è stata la prima perchè, non essendo ancora entrati nel gioco, non avevamo ancora ben capito cosa fare. L'ultima è quella che mi è piaciuta di più: è stata una vera e propria gara che avrebbe dato l'esito finale quindi l'impegno era al massimo!! Sinceramente mi è piaciuta anche perchè abbiamo vinto ed avuto il risultato siamo scoppiati in urla di gioia!!

perchè è stato molto divertente guidare il nostro avatar alla ricerca della coppa che permetteva di vincere.

perchè abbiamo potuto conoscere meglio gli altri studenti, venendo a contatto con altri stili di vita. In questa sessione abbiamo parlato di più tra noi.

è stata la sessione più divertente durante la quale abbiamo parlato anche molto con gli altri ragazzi.

perchè l'ultima sessione ci siamo impegnati di più e mi sono divertito molto con i miei nuovi amici estoni, ora sto cercando di imparare la lingua, così un giorno potrò visitare Cotlayarve e conoscere i miei amici estoni di persona.

perchè avevamo conosciuto meglio il gioco e l'altro team, ma soprattutto perchè abbiamo vinto....

Perchè era l'ultima sessione e vi siamo arrivati testa a testa con i nostri avversari, quindi c'era un pò più di suspense, ci sentivamo più dentro al gioco

because we talk about life and talk very interesting

because i wasn't there

In this session we talk about countries where we live and I like it.

because we have won the cup.. but i love also the first because it gives to me the first emotions

because we have won naturally!!!!!!!!!!!!

because we had won!!!!!!!!!!!!!!!!!!!!

because we won.

I THINK THAT THE MOST ENGAGING SESSION IS 'SESSION 4' BECAUSE MY TEAM HAS ENGAGED ITSELF TO RECOVER the NECESSARY POINTS FOR the WIN

because in the last session i did not to jump in the goblet

because was been the best and we have been.

BECAUSE WE HAVA WINN

because in the last session the questions was very difficult

because the ask to them were more difficult of the first sessions

This session was been very difficult because students had to work hard to do their best.

because we have winn

The celebration is the most interesting

Although in my opinion all sessions were fascinating, I find the fourth one the best. This was our last meeting (unfortunately) but we discussed on many interesting topic about culture.

I think that all sessions were interesting. But session 4 was very nice, because we could talk about really important things for us - about our live, our customs and what we do every day, about us. It was very interesting to know, what is live others nationalities like. We could compare our experience and our live.

Because we known better and this session was n't stressful and we could spoke about normal subject and it was very good fun for us. We could see that the people from different countries from the Europe had the same sense of humor and we could great communicate also by play game!!!:d

At first I was a little nervous, but after some minutes I realised, that this is fantastic!!! I took part in game (3D world) and that was the most exciting session!!! (Especially full stop competitions :])

EVERYONE KNEW MORE ABOUT THEIR FOREIGN FRIENDS. WE TALKED ABOUT OUR NATIONAL SYMBOLS. THE CONVERSATION WAS NICE AND FUNNY, I LIKED HELPER VERY MUCH.

because it was the most interesting session was much talking and it was funny

BECAUSE WE TALKED A LOT WITH OTHER STUDENTS AND WE HAD SOME KIND OF ARGUMENT

Beacuse it makes me laugh haha

it was nothing interesting there. games were very poor, there was very bad organisation, sometimes we didn't know what to do and Helper wasn't able to help us.

because it's more fun than other session

because it was most interesting. there was a lot of fun and knowledge.

We could discuse about last homework.

BECAUSE WE WON!!:)

I dont know!

The most interesting talking in the chat at this session.

1.) Last session always gives you the felling of ending -that good feeling when job is done. and all goodness in sesions sums up in last session. 2.) and of course because we won it.

There were interesting qestions about homeworks

I wasnt there.

because we von!!!!!!!he he

IT was last session! And we won! Yeeeeeee:))))))

Because it was fun for me! I also like this because we chatting about evrythigs

because we won there;)

because it was last one!

It was interesting.

because is shit

Because that was the final, and we all have lot of emotions, in this season we all find out who is the winner!
:)

because it was the most important session

because it is the most important

perchè sia il gioco che le domande sono state più divertenti ed interessanti, e forse anche perchè eravamo finalmente entrati a fondo nel meccanismo di L@E e ci siamo goduti appieno tutta la sessione.

Il labirinto è stato il gioco che mi è piaciuto di più, inoltre le ultime domande erano più difficile e collaborare a fatto si che ci divertissimo di più.

Because the game was most interesting.

because we were already excited for the imminent victory!!! :p so we gave in this session all of our energy and mind

Because it's the more interesting session

because we still know the other students and the helper! so we were more friendly in the last session! but it was the worst too because it was the game's end !!

It was the most interesting.

Because we reacted on certain history facts which were common to all of us...

...depends on people...

Because this session was particurarly about Czech history.

because we have known the symbols of other nation

because we have been able to compare the diversity of our countries

Because the last session was the most important and specially for me. there were interesting documents and we are improved in our english and we are fun.

because we knew symbols of other countries

because we have found new culture of foreign country

it was the most engaging session because it's important to know other nationality's heros.

we had result of the game.

because it's the last session!!!!!!
 'cuz, i enjoyed it most...xd
 Because we were the winners!
 it is the easier session
 because we learnt lots of curiosities about other countries!

2.7 comments on better understanding of history

because of this program i have learned more about History
 I have lerned more about history
 I learn much better history of different countries,it is very important and useful
 We learn at school, but here it was different! (And no marks!!!)
 More pictures needed
 Not eveybody got the same text and we also didn't have much time to read the history of the other countries.
 It seems to me that a few of the interviews were a bit too difficult to understand for a usual students, because there were too many tearms and words we usualy do not use weekday. However there were many facts and information I did not knew.
 I hawent knew anything new about my country, but i met few interesting things of other countrys.
 It helped me to understand, but i'm interested in history so it was very interesring to me to know something new and to remember something that i already forgot.
 Most interviws show us in clear way issues connected with history. I have learnt a little from them. I know history of my counrty but it was intersting to know sth about other.
 IT HELPED ME UNDERSTANDING HISTORY BETTER AND I LEARNED THINGS WHICH I HADN.T EVER HEARD.
 we didn't understand very well some things about history in the interviews and some things wasn't well.
 we learn more things about the history of other countries
 i learnt a lot about european history
 I don't like the history and they put questions about other thing that we don't studied.
 we can learn about other cultures in europe and ask questions about this.
 is very interesting
 is very bored
 I THINK IT WAS VERY GOOD BECAUSE WE LEARN EVERYTHING FROM BOOKS AND COMPUTERS, BUT IT'S GOOD TO HAVE THE OPINION OF PEOPLE FROM DIFFERENT COUNTRIES
 You can know more about history

Rather pit helped to put me at ease :)

I learned a lot about history of another country but less about my own country.

Grazie al progetto abbiamo potuto imparare già come ho detto la storia del nostro paese ma anche la storia degli altri paesi e nell'insieme con la tecnologia si è ottenuto un ottimo risultato!

grazie a questa esperienza siamo riusciti a studiare più volentieri la storia e con maggiore partecipazione e divertimento

grazie a questa esperienza siamo riusciti a studiare con più passione la storia.

Questo progetto ci è servito a studiare la storia in un modo innovativo che ha stimolato la nostra voglia di sapere.

- I liked the own-produced websites, informatoin etc.

i think a problem was that not everybody could understand it

no comment

Grazie alle ricerche sulle varie nazioni contro di cui competeavamo abbiamo capito le usanze e le storie degli altri paesi.

Grazie alle varie ricerche sono riuscito a capire molto bene la storia del nostro paese e soprattutto quella degli altri paesi

Sicuramente, oltre ad aver migliorato l'inglese, ho migliorato anche la mia competitività in storia. Ho imparato cose nuove sulla storia di altre nazioni e ho rinfrescato le informazioni che avevo sulla storia del mio paese. Conoscendo la storia di altri abbiamo anche potuto confrontare la storia dell'Italia con le altre nazioni.

si ho capito meglio la storia perchè con il gioco abbiamo potuto entrare in contatto con la storia delle altre nazione alimentando la nostra cultura generale.

ho capito meglio la storia perchè con il gioco ho potuto conoscere le varie tradizioni delle nazioni e grazie a questo ho potuto capire meglio il passato di una nazione di cui le tradizioni sono conseguenza.

anche se conoscevo un po' la storia della mia nazione grazie a questo progetto ho conosciuto la storia di altre nazioni molto approfondatamente e quindi mi servito anche per conoscere nuove informazioni.

ho imparato molto di più così che a scuola, infatti ora conosco molti personaggi illustri della storia delle varie nazioni, ho capito che molte di quelle cose che io ritenevo vere non sono altro che stereotipi. Ma soprattutto ho imparato a lavorare in team, però i gruppi erano troppo grandi, e qualcuno rimaneve sempre a leggere le interviste, senza poter chattare con l'estonia e gli altri paesi.

sicuramente ho capito molto meglio la storia del mio paese, e ho imparato anche un po' la storia degli altri paesi.... anche se penso ancora di dover studiare molto..

Grazie alle ricerche e ai documenti che ci fornito il politecnico abbiamo capito le usanze e i costumi degli altri paesi

i read new information about my country, about my flag, history how it was made.. :)

The work were very long, but was very interesting and has permitted that I learned the other history.

the work were very long 8*8*4/74

THIS PROJECT HAS PERMITTED THAT I CAN LEARNED THE HISTORI OF OTHER COUNTRY.

the work were very long, but was very interesting and has permitted that I learned the other history

The interviews we were given helped me to better understand the history of European countries for instance France. I learned a lot of new things.

I didn't know history of other countries and now I know much more.

we know better history of french Revolution because we know our history and information about our country was very plain!

Now I know better some points of view other countrys than mine.

I HAVE READ ABOUT HISTORY OF MY COUNTRY VERY CAREFULLY. I HAVE GOOD APPROUCH TO LEARN HISTORY AND IT HELP ME TO BETTER UNDERSTAND IT.

I understood of history more or less

In spite of that we had a lot of materials about history of our and foreign country sessions were very boring and there was nothing interesting.

Ye my knowladge of our country history has improved. I know in which year Second WW took place

I'm not interested in history so it wasn't anything special for me.

i think that history is very important thing and we shouldn't forget about our ancestors

USE more easy words and not so mach numbers!

knowledge and anderstanding of history I think in some way are get better.

history is a very heavy literature, all those numbers of years and towns etc. - just facts.

:)

Yes:)

I know some new things about other contries history

Hy:) i new something more about world and history things..

no

è molto interessante e costruttivo confrontarsi con la storia in un modo che sia diverso dall'apprendimento sui libri, perchè si comprendono alcuni fatti più approfonditamente e soprattutto c'è la possibilità di discutere quegli argomenti: in questo modo, gli argomenti vengono anche capiti e analizzati a fondo, e non solamente studiati e dimenticati subito dopo.

Riguardo alla storia del mio paese mi sono sempre interessato, però L@U mi ha aiutato ad apprendere storie di altri paesi che prima non conoscevo.

We didn t have a lot of informations.

Well, First two sessins were a bit confused, so i learnt new facts just today-forth session

I HAVE KNEW HISTORY OF FOREIGN COUNTRY

very good

I studied european's history and now I'm looking for to continue in this learning.

this project is very good for better understanding of history and I know the History of my country and europe

it is very important

it's important to know the history of other coutry.

now I know the history better that before.

2.8 Did L@E help you improving your skills?

2.9 Comments on improved skills

because of this program I like history

Because of this program I like history

now i know much more about my group and work with them was very nice

English we needed for real chatting. Teachers said nothing of grammar. IT was easy. We do it every day. I do not know about methods, but it was interesting to compete with other teams.

It's very good in this project that we can practice our English.

no comments

I think that i haven't got many new skills on this contest

I could check my language and appreciated how useful it is when we want to talk with foreigners. I also enjoyed working together with students from my class - I saw that we tried to do our best.

OF COURSE BECAUSE I TOOK PRACTISE USING ENGLISH AND I LEARNING HOW IT IS TO WORK WITH OTHER PEOPLE.

better use of english

I've improved my english and I learnt the different points of view of the different countries.

there was very interesting!

i have improved my english and history level

I improved working in groups.

We can play in team with people from other different countries.

in use the english

now I am able to express my opinions in English

You can improve your english

Not as much as I wanted, although now I can see the difference between my working in groups now and then...

I improved my use of technologies and I found it really good that I could work with my schoolmates.

Nel progetto si poteva solamente usare l'inglese e ciò all'inizio era un po' difficile ma con il tempo siamo migliorati e comunicare in inglese è risultato molto più semplice di quanto pensavamo.

mi sono molto divertita a scrivere in inglese ed è stato molto utile perchè ho imparato parole nuove e nuovi modi di dire.

è stato interessante provare scrivere in inglese perchè ho avuto modo di applicare le mie competenze.

L'aspetto più utile che ho riscontrato è di aver comunicato in inglese per mezzo del computer, capacità che ormai sono richieste nel mondo del lavoro.

no comment

grazie a L@E ho imparato ad usare meglio la tecnologia e penso che sarà un modo di insegnare importante nella scuola del futuro.

grazie a questo sono riuscito a conoscere meglio le varie tecnologie ,il nuovo metodo di learning e soprattutto ho imparato molto bene a lavorare in gruppo.

Come ho già sottolineato nella casella di testo precedente, ho sicuramente migliorato il mio inglese: in classe parliamo un inglese abbastanza rigido e molto vicino alla grammatica, mentre nella lingua parlata (anzi scritta) l'inglese è molto più aperto!! Ho anche aumentato le mie conoscenze documentandomi su fatti storici, dei quali non avrei avuto la possibilità al di fuori del progetto. Abbiamo trovato spazio nell'educazione civica dato che studiamo storia antica.

si mi ha permesso di migliorare il mio inglese ma anche di usare il computer.

grazie a questo gioco ho potuto migliorare il mio inglese essendo questa lingua alla base del gioco. Ho capito anche che lavorando in gruppo i risultati sono migliori anche se i tuoi compagni non sono della tua nazione.

con questo progetto ho migliorato il mio inglese perchè ho parlato con altri ragazzi solo grazie a questo. poi sono venuta a conoscenza di tecnologie che non conoscevo ed è stato anche interessante lavorare in gruppi con i miei compagni di scuola.

ho imparato molto a lavorare in team, infatti ci siamo spartiti il lavoro, ed ognuno aveva bisogno dell'altro per rispondere alle domande. Ho imparato anche a scrivere al computer ad occhi chiusi. La cosa più bella è stata però abbiamo imparato a studiare con nuovi metodi, molto più divertenti di quelli abituali.

ho imparato molto l'uso delle tecnologie, anche se in inglese ho imperato di meno... lavorare in gruppo è fantastico anche se non sempre ci si trova d'accordo...

Sicuramente ci ha aiutato facendoci fare un lavoro tutto in lingua inglese, ma diverso dai normali esercizi d'inglese, qui infatti parlavamo questa lingua con altri ragazzi, anche se secondo me non era proprio un inglese puro perchè lo abbiamo mescolato un pò con le nostre lingue materne

before this programme i use computer a lot and it isn't very hard to use it..

I have certainly significantly improved my English. What is more we learned how to cooperate both within our class (when we were doing our homework) and our group.

I could improve use of English because I had to use it when I talked with people who don't know my language at all.

i can use my english not only for English lesson and i can practise my ability to communicate English

I've learnt more, than ever before at lessons. In fact this subject will be useful for me in future. I could practice my english, and I'm glad, that i've got this opportunity.

WE WORKED IN A GROUP AND NOW WE HAVE A GOOD EXPERIENCE IN COOPERATION.

I improved my skills slightly much better

There were few moments when we could use our language so we couldn't improve it in big rate !

No, because i wasn't keen on sessions

No, because there wasn't a lot of interesting chat or just conversations, it was only stupid pseudo-entertainment. If stupid clicking on the buttons is a skill so ok. But I think it isn't.

not so much

we should use vocabulary more than usual!and it helps to understand language better!

That was a new experience ;)

:))))))

I like this because I like work in groups

I didn't get any new skills, but just improve the old ones;)

actually, i don't think that this project help me to know something new.

no

è stato affascinante poter migliorare le proprie capacità giocando sugli argomenti e discutendo con altri studenti: in questo modo abbiamo migliorato l'uso dell'inglese, non più legato a ferree regole grammaticali, abbiamo imparato la collaborazione tra di noi e quella 'a distanza' con altri studenti, e abbiamo studiato storia in maniera differente e interessante.

Diciamo che mi ha aiutato in tutto quello per cui è stato inventato.

Working in groups was great, but I'm afraid that not all teams were working together

I improve my skills

very good

very good

My skills in the use of english, of technologies, the working in groups are improved after this project.

I improved the my knowledge in english and now I know new words

it is interesting

it helped me to learn and speak english better.

this project is important for using of English and working in group.

2.11 Comments on improved attitudes

my teacher gave me a max mark ;)

I do not know. We usually do things together. There are many events at school every week.

no comments

Our english teacher have gawe gud mark to us for a gud place.

Reading this interviews was beneficial for me, because my concern in other countries increase, attitude to people (stereotype) changed.

I had fun in working at school during sessions

we haven 't improved our attitude

there were some people a litle bit silly

no, i dont think so

nothing

we learnt about other cultures.

in motivation and involvement at school

I'm more tolerant than i was...

Thanks to L@E I respect more other cultures. I become more tolerant and respectful for people from another countries.

questa attività ha stimolato la mia voglia di conoscere le abitudini degli altri paesi e di impararla meglio e poi ha anche inciso in meglio su qualche mio voto!

questa attività mi ha stimolato nell'uso del computer.

Con questa esperienza ho sviluppato un discreto interesse verso le diverse tradizioni che le nazioni acquisiscono nel corso della loro storia.

Penso che grazie a L@E abbiamo imparato il rispetto verso le altre culture ed la competenza generale.

grazie a questo ho imparato a rispettare le culture degli altri paesi.inoltre questa attività mi ha invogliato a venire a scuola.

Conoscendo anche la storia di altre nazioni possiamo paragonare le nostre abitudini alle loro. L'atteggiamento è ovviamente migliorato perchè conoscendo solitamente si accetta ancora meglio.

attraverso questo progetto ho potuto migliorare il mio curriculum scolastico attraverso la conoscenza di altre nazione ognuna con un passato ed una cultura di cui sono fieri.

con questa esperienza ho imparato meglio l'inglese, la storia e l'uso del computer perciò questa esperienza mi ha aiutato a migliorare in molte materie scolastiche. Questa esperienza ha fatto nascere, inoltre, in me curiosità riguardanti gli altri popoli.

questa attività mi ha fatto interessare molto, e ha fatto nascere in me nuove curiosità rispetto a cose che non conoscevo.

quest'esperienza mi ha suscitato molte curiosità sulla storia delle altre nazioni che ancora non so.

la cosa che mi è di più piaciuta è stata quella di scoprire nuove culture anche usanze strane che ho trovato molto interessanti...

Sicuramente è stato uno stimolo per venire a scuola perchè è un modo sicuramente più bello per imparare qualcosa sugli altri piaceri

it was interesting, because i work together with my new class

the homeworks required a lot of involvement (especially the last one - the survey and the essay), I also become more interested in the European history and culture

Now I know better other cultures and I like them more:)

I've changed my opinion in some ways, for example now I know more about our neighbour countries. Every country was great prepared and communication was simply great!!!

WE KNEW THAT WE WILL GET A GOOD MARKS AND IT MOTIVATED US.

my attitude is quite good

Session was so boring so I usually didn't take part in it !

No, because sessions was so boring and almost none of us was keen on them

Sessions was BOOOOOOORING !!!

now i am better person

that ok

:))))))

I very much learn in this project, also I know something new. I think now I get better marks!!!:)

It was very useful for me.

yes, i think so.

L@E ha stimolato in me molta curiosità per gli altri stati e per la loro storia: è stato bello confrontarsi con altre persone e poter discutere con loro su argomenti attuali ed interessanti. per quanto riguarda i voti, non sono migliorati, ma sono rimasti stazionari, ma questo penso sia stato l'ultimo degli obiettivi di L@E!

Sapendo che dovevamo affrontare una sessione di L@U venivo a scuola con più voglia.

I improve so as to my attitude

very good

Specially I had a great motivation to know other cultures.

this project is very good

it is very good

i like kounter and proevolution

I dont't know too many things about the gams because I was helping my friends with the questions

DIDN'T PLAY THEM :(

just fun

It was difficult but we managed to do it:)

Ho partecipato al progetto occupandomi sempre del confronto e non ho partecipato ai giochi.

sono stati divertenti, ma qualche volta molto difficili perchè richiedevano competenze non solo manuali ma anche scolastiche!

i giochi sono stati divertenti e curiosi ma spesso richiedevano molta abilità .

Secondo me i giochi sono stati molto divertenti, talvolta difficili per le domande poste che richiedevano competenze scolastiche.

Il gioco che mi è piaciuto di più è stato the Olympic games. Mentre mi sono piaciuti un pò di meno gli altri due.

il giuoco che mi è piaciuto di più è stato olympic games perchè questo era molto divertente in quanto bisognava fare vari giochi come saltare nei cerchi.i giuchi invece che riguardavano la 2 e la 3 sessione mi sono piaciuti meno perchè erano molto confusi.Infine l'ultimo giuoco è stato bbastanza divertente soprattutto prchè abbiamo vinto e quindi ci hanno consegnato la coppa.

Gli olympic games sono stati molto divertenti, anche perchè con essi abbiamo iniziato l'esperienza e la nostra curiosità era tanta. Purtroppo però siamo partiti un po' lentamente perchè ancora eravamo disorientati. Trovare il tesoro è stato divertente e Find your way è quello che mi è piaciuto meno siccome non avevamo ben capito lo scopo.

il gioco era molto divertente e ci ha fatto imparare ad essere tra noi più uniti e a collaborare dando ognuno il meglio di se.

non ho mai parteipato al gioco ero nel gruppo della chat.

non ho partecipato al gioco perchè il mio gruppo è stato sempre alla chat.

io non ho partecipato al gioco, perchè il mio gruppo era alla chat, quindi, purtroppo me lo sono perso. Mi sono comunque divertito molto, ma se ci sarà un'altra volta, spero che il gioco e la chat siano in ore diverse e che siano divisi in più gruppi

il gioco che mi è piaciuto di più è l'olyptic games... anche se io sono stata sempre alla discussione e ho seguito i giochi da lontano...

non so perchè io ero alla chat, e quindi alcuni giochi come la caccia al tesoro non li ho fatti

i like games and sport.. i can't live without them...

That was very interesting to play games but during the sessions I didn't play them because others did it

I didn't take part in the games however my friends told me that they had been interesting and that playing had been a great time for them.

I didn't play so I cannot say anything.

i didn't play because i worked by chats

The game improve my skills about quick thinking and playing computer games:)

the games were quite good

Games were crappy and it was no use in them !

They were too simple to call them 'games' lol

it weren't games. it was a parody. the last one wasn't even a parody.

i don't play at the games so i don't know how would i rate them.

the graphics could be much better

we couldn't understand the roles of the game and technologies were very bad!

;]

I've seen it all before. I'm not impressed.

the games was very interesting

No because we didn't play game:(Its very sad, we were chatting! ?

It was very interesting, but I play only one game and I like that! I want let there also be sound and maybe also let you can speak. Then that game be very interesting!!!!!!!

I weren't in that group, where were games played:(

it was nice but we were chatting and didn't play games.

no

io non ho mai partecipato ai giochi, perchè ero nel gruppo che rispondeva alle domande, ma da quanto mi hanno detto i miei compagni sono stati molto interessanti e divertenti.

Sono stati fantastici e se ne avessi la possibilità ci giocherei ancora.

Using Shockwave in this way is very interesting.

the games don't like

I chatted in 2D.

this game is very difficult but very good

it is very fun

i like this game because i speak to other people from different country.

keep it real

Next year we would like to play one more time!

EL CID is best, because it's me!

It was really nice projekt nice job Helper :)

I have good associations, it would be great if this project have been carrying out. This chat-window could be better organised - bigger spaces for this 3 parts (our chat, question - window, chat with answering)

IN FORUM I MET MANY KIDS AND I WANT TO CONTINUE TO TALK WITH THEM BECAUSE THEY ARE VERY GOOD CHILDREN.

a great project

1 suggestion: better organization and more sessions

we knew new people and practise our english

there were a lot of people who couldn't work a lot because their level of english wasn't very high

nothing

we have to do it again.

very interesting

I liked it very much

I think you have to do this project next year

It's interesting and important experience, which learn us to be patient and to work efficiently.

It was a great experience. We all had a fun participating in L@E.

questo progetto ha aiutato l'integrazione della classe e la collaborazione.. ha inoltre divertito tutti noi per l'approccio con altre nazioni e ha aumentato la mia voglia di conoscerle meglio magari con un viaggio..

questa attività mi ha stimolato nella conoscenza di altre nazioni e mi ha reso cosciente sul significato di nazione'.

L@E ha favorito la collaborazione e lo spirito di organizzazione della classe al fine di aprirci a nuove conoscenze che andranno a far parte del nostro bagaglio culturale.

we can keep in touch with them because we haven't got their e-mail or the mobile. maybe we should have another meeting.

il progetto mi è piaciuto molto è spero che questo si ripeti

Il progetto è stato bello, ma i giochi, all'inizio, non ci sono stati chiarissimi.

mi è piaciuto molto e spero di fare un altro progetto così istruttivo in futuro.

Questo progetto mi è piaciuto tanto e mi sono divertita tantissimo conoscendo anche tante cose. L'unica cosa negativa è stata che: essendo i gruppi molto numerosi e i computer a disposizione pochi non tutti i ragazzi hanno potuto partecipare al gioco direttamente.

quest'attività mi è piaciuta molto in generale. è stato interessante conoscere nuove culture e usanze di nazioni europee, ma lontane da noi. durante tutto il progetto mi sono divertita.

il progetto che mi è piaciuto di più è stato quello delle usanze e del folklore, mi è piaciuto molto discutere e conoscere altre persone...

è una bella esperienza ma secondo me ha qualche difetto: per esempio i giochi cominciano troppo tardi, non puoi far cominciare i giochi alle 12e30 quando i ragazzi hanno il pulman all'una..e poi i computer che si possono collegare sono troppo pochi e di conseguenza i gruppi troppo 'folti', ma in compenso è una bella esperienza

i really like it, bet the problem, we won't see helper and other students.. :/ :P

I think the project sometimes was very difficult for me

WITHOUT COMMENT

I really enjoyed the project, but I think that it will be a good idea to give a certificate to the participants

I think that the L@E experience could take more time and it could be more sessions. It would be cool:)

It was great experience because we can communicate with other people and we use only english but i thought that we get sth award for win!:))

What was the most interesting for me, that the GUIDE had problems with last game - he couldn't get in:) Generally the project haven't distadvantages. For me was important to practice english, and now I know, that it was learning through fun.

I WANT TO TAKE PART IN SIMMILAR PROJEST IN THE FUTURE.

Cool super extra

Session should be more interesting and there sholud be more moments when we can use our language. Besides guide was

Talking about our daily routines, not only history which most of us dont like

I don't know can we call this 'project'. Instead of it I would like to have borring lessons. I've just lost my time. I think there was thousands of other interesting things to do instead of it. Total collapse :(

the text are too difficult. pupil in school should read easier than it. i thing people who dwrite it sholud thinkin about it.

L@E should be more often

well, the project was good, but its was dificult to conect with other teams! systems werent good organised! and there were no price!:(

Project is good you should improve it and make it more interesting.

:))))))

I like chating with

IT WAS GOOD AND INTERESTING!!!!!!!!!!!!!!!!!!!!!!

it was interesting. something new.

ma...forse...nel dubbio ci penso

consiglio questo progetto a tutte le scuole italiane ed europee perchè è molto interessante e divertente, e consente a tutti di imparare la storia in modo diverso dall'usuale. forse noi non avremo la possibilità di rifarlo, ma se potessi ripartirei con questa esperienza anche subito!!!

Se ce ne fosse l'occasione lo rifarei unn sacco di volte.

THE PROJECT IS THE BEST, BECAUSE I WAS BEEN SUGGESTION AND EXCITED

it need more long times because the interviews are long and difficult and the time is short. but I'm glady for partecipazione

the project is very inresting for to lear English

it was interesting.

next year I hope that me and my school, will do this project again!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Just a thing....improve the connection
